

# User Permissions Required for Text Messaging

Last Modified on 06/05/2019 8:45 pm EDT

There are several User Permissions that control the ability to send **text messages**.

Go to **Tools > Manage Users & Permissions > User IDs** (click on a UserID) > **User Permissions** (left) to set the permissions.

**Note:** *If a User is logged in when changes are made to their permissions, they'll have to log out and then back in before the changes will take effect.*

These are the permissions related to Text Messaging:

Category		User Permissions
Tools	<input checked="" type="checkbox"/>	Text Messages Settings
	<input checked="" type="checkbox"/>	Send Text Messages
Families	<input checked="" type="checkbox"/>	Email Families & Email Student Schedules

See **Permissions for Jackrabbit Users** for more information.
