Business Scenario

You would like to know how many inactive families have balances on their account. For the inactive families who have outstanding balances, you want to send a reminder email that payment is due.

To create this report, select the following Search Criteria: *Family/Acct Status: Inactive*.

Search Criteria

You can filter your list of families using any or all the Search Criteria and Jackrabbit will compile a report of families who meet ALL of the criteria selected.

A screenshot of a web form titled "Search Criteria". At the top, there are four buttons: "Favorites" (with a magnifying glass icon), "Save Favorites" (with a floppy disk icon), "Refresh" (with an 'X' icon), and a help icon (question mark). Below the buttons, the text reads "Search Family Balances using search criteria below." The form contains three fields: "Location:" with a dropdown arrow, "Family/Acct Status:" with a dropdown menu showing "Inactive", and "As Of Date:" with a text input field containing "mm/dd/yyyy" and a calendar icon. At the bottom right, there is a "Submit" button with a checkmark icon and a hand cursor pointing at it.

Report Results

The report results can be further customized with the ability to show or hide columns of information, sort columns, or modify column width.

Note: There are two *Balance* columns: *Balance* and *Balance As Of (date)*. The *Balance* column is **not** date dependent and is the current balance. The *Balance As Of (date)* column is date sensitive and will vary depending on the search criteria you enter. In this example, **no** *Balance As Of (date)* was entered, and both columns show the same amount.
