Set the maximum number of students that can be added to a class wait list on the specific Class Summary page. In the *Openings/Size/Wait* section, enter the maximum number allowed on the *Wait List* under *MaxWait*. Click **Save Changes**. Students can not be added to a Class' *Wait List* until the maximum enrollment (*MaxSize*) has been met.

Openings/Size/Wait:	Openings	Curr.Size	Max.Size	Curr.Wait	MaxWait	F. Drops	F. Enrolls
