

My website editor is a Content Management System (CMS) that uses "plug-ins". What do I do?

Last Modified on 01/14/2019 2:51 pm EST

Plug-ins aren't used. You will link to the Event Calendar using the link code, or, toggle your webpage editor to the HTML "mode" or "source" and input the hard coded link there. See the [Link to Your Online Event](#) page for the link code.
