

I don't like the phone number that Plivo assigned me. What can I do?

Last Modified on 12/04/2018 2:11 pm EST

You can purchase a different phone number from Plivo, for example to get one with your local area code. After you've created a Plivo account, click the **Numbers** tab. Click **Buy Number** and use the *Search Criteria* to find possible numbers for purchase.
