

Can I email a class that has been archived?

Last Modified on 01/17/2019 12:10 pm EST

Yes. First, locate the archived class by going to *Classes > List Archived Classes*. Use the *Search Criteria* to narrow down the results and select the class you want to email.

Once you are on the class record for the archived class, follow the instructions for [Email a Class](#) to complete the process.
