

Can I schedule ePayment batches to occur automatically?

ePayments can not be scheduled to occur automatically.

You must use **Transactions > Process Credit Cards/Bank Accts** to process a group of credit cards or bank accounts at once. The *e-Payment Schedule* field (found on each Family's *Billing Info* tab) allows you to select a time to process credit cards or bank accounts for a group of people. You can learn more about how this works in the [Process ePayments for Multiple Families](#) topic.
