

When I register a family using Families > Quick Registration/Add Family, there is no option to sign our agreement text (legalese). Why?

Last Modified on 01/14/2019 2:12 pm EST

When you use *Families > Quick Registration/Add Family* to register a new family, no legalese is provided with "I Have Read & Agree" checkboxes because this would not adhere to the eSignature Act of 2000. Only the person enrolling can check and eSign (with their Full Name) that they accept your legalese. After using *Quick Registration/Add Family*, you should ask the Registrant to login to the *Parent Portal* to agree to your legalese.
