

# Group PINs - An Overview

Last Modified on 05/30/2019 3:26 pm EDT

**Group PINs** allow one person to check a group of students in or out at the same time. This is great for teachers, bus drivers and other staff who may need to check in many students at once.

Each Group PIN has a PIN, Group Name and authorized pickups through the *Manage Pickups* button.

## Manage Group PINs
