

Student Check-In / Out Using the Clock

Last Modified on 07/29/2019 11:24 am EDT

If student's typically check themselves into your program, you can assign them their own PIN code. This provides accurate attendance reports and allows students to check in as they arrive.

See our FAQ on [how a student can check themselves in](#) for more information on how to add a PIN code for a Student to self check-in.
