

We need more than one Clock open at a time. Is that possible?

Last Modified on 01/14/2019 2:23 pm EST

Yes. If you have more than one location or want families and staff to check in / out from multiple devices we can set you up with additional Clock IDs. Contact our Support Team (using the Support Button in your database) to request additional Time Clock User IDs. The fee for each ID is \$20 a month for additional ID.
