

Why isn't a certain Class displaying in the Clock for Students? The Students have a current Schedule for this Class.

Last Modified on 01/07/2019 3:51 pm EST

If Start and End Dates are entered for your Class then the Class must be current (happening today) in order to be available for check-in.

- If a Class has a Start Date of tomorrow or later it will not display as it has not yet begun.
 - If it has an End Date of yesterday or earlier it is over and will not display.
-
