Can Jackrabbit automatically post the class tuition(s)?

Last Modified on 01/07/2019 4:53 pm EST

Yes, it can, but only if you use **Class Based Billing** . Even with Class Based Billing, Jackrabbit cannot determine any multi-student or multi-class discounting during Online Web Registration at this time. Nor can it post Fixed Fees (Class Based Billing only). Therefore if you are discounting, we suggest you do not use the auto posting of tuition fees. This is covered in detail in the **Customize Your Web Registration Form** section.
