

My business is seasonal and I don't want to pay in my off months...can I put my account on hold?

Last Modified on 10/14/2020 3:47 pm EDT

Jackrabbit can place your account ON HOLD for a fee of \$20/month. We will continue to store your data exactly as you have left it for as long as you need.

You will not have access to your data while on HOLD. When you are ready to access your database again, just let us know and full access is restored immediately and regular billing will resume.

Email the Billing Department directly (carebilling@jackrabbittech.com) to request a hold.
