

Class Skills/Levels Report

Last Modified on 08/02/2020 2:50 pm EDT

The **Class Skills/Levels Report** displays the skills each student enrolled in the class is working on. Go to *Classes* menu > *Class/Skills Levels Report*.

The report can be displayed in 3 different formats, determined by the display setting of your choice:

- ★ The **Skills Report** is a great way to see a list of skills and skill status for students in a class.
- ★ The **Skills Worksheet** is helpful in updating skills for classes.
- ★ The **Skills Progress Report** is a report card that shows parents how their student is progressing in your program.

Ballet - Beg - T-Th (2020)

The criteria selected will return all classes from the E-Swim location with a Category 1 of Swim that are in the 2020 Class Session.

Skills Report

Display Settings

Use the Display Settings to format your skills report:

- Select **I would like a skills report**
- Determine which skills you want the report to retrieve using the *Skill Status* drop-down.
- Choose additional information you would like the report to show such as *Location*, *Birthdate*, etc.

Display Settings

What type of report do you need?
 If you need a printable report that lists skills for each class, use the **skills report**.
 If you need a printable worksheet to check off skills each class is currently working on, use the **skills worksheet**.
 If you need a printable progress report to give to parents, use the **student skills progress report**

I would like a skills report.

Annie Turman, 10 (Enrolled)										
Allergies: Allergic to penicillin.										
Special Needs: Annie may need more time to practice her drills in the water.	05/04/20	✓	✓							

Skills Progress Report

Business Scenario

Your school evaluates students on skills for their level. Once a student attains the skills for that level, they may be eligible to move up for the next session. Showing student progress is important to you and your families. Run the Class Skills/Levels report and select the *Display Setting* of **I would like a skills progress report**. Print the report and give it to each student in class as a report card. They can share

with their family and show their accomplishments!

Display Settings

Use the Display Settings to format your report:

- Select **I would like a skills progress report**
- Select the skills you would like to see -**skills assigned to classes** or **skills assigned to students only**.
- Choose how you want to sort the report.
